

About Me

Tish Lewis-Turner

In her 30+ years with General Motors, Tish Turner's career spanned multiple roles including: advisor, planner, manufacturing leader, project engineer, and finance program business investment manager. She excelled at working with internal and external clients in finding solutions to improve business planning, processes, and quality controls.

Her skills to identify and correct inefficiencies in workflow and processes were recognized with continual promotions and new opportunities. Highlights include the launch of new manufacturing vehicle products utilizing Global Manufacturing Systems (GMS), Program Management,

SAP (Systems Applications and Products) database and software, and the web-based education initiatives for GM-UAW Training Assistance Programs.

Additionally, Tish has done extensive work in the area of Diversity, Equity & Inclusion. She conducted training for the salary and the hourly workforce at GM-UAW/Labor, Center for Human Resources, and various non-profits throughout the region.

Tish joined the team as the Director of Project Management for Washington Events in 2023.
